

Smart development for rural areas

**André Torre, Stefano Corsi, Michael Steiner, Frédéric Wallet and Hans Westlund (eds.)
Routledge, 2020, 226p.**

Introduction

Is there a smart development for rural areas?

André Torre, Frédéric Wallet, Stefano Corsi, Michael Steiner and Hans Westlund

Part I. Main analytical results

On smart business in rural areas. Entrepreneurship, innovation and their determinants

Sofia Wixe, Lucia Naldi, Pia Nilsson and Hans Westlund

Smart Agriculture and empirical evaluation of smartness using composite indicator

Stefano Corsi, Frédéric Wallet, Eric Cahuzac, Elise Maigné and Rosalia Filippini

Smart land use for smart rural development. The case of rural and peri-urban regions in Europe

Ségolène Darly, André Torre and Camille Olivier

The Territory Game as a smart development tool for food governance in rural and peri-urban territories

Sylvie Lardon, Jean-Baptiste Traversac and Frédéric Wallet

Part II. Case studies in Europe

Differences in rural smartness. An analysis of two Austrian case study regions

Johannes Mossböck, Michael Steiner and Carla Apschner

Case studies on innovation and entrepreneurship in rural areas from Sweden. Jönköping County and Jämtland County

Hans Westlund, Pia Nilsson, Sofia Wixe and Lucia Naldi

An inter- and transdisciplinary, multiscale and mixed methods pathway to study Smart Agriculture in Italy

Rosalia Filippini, Sylvie Lardon and Stefano Corsi

Smart Agriculture, grassroots initiatives and urban food governance. Case studies in two metropolitan areas in Southern France

Isabelle Duvernoy and Christophe Soulard

Business strategies for smart rural development. The renewal of territorialized productions

Amélie Gonçalves, Maryline Filippi, Danielle Galliano and Pierre Triboulet

Conclusion

André Torre, Frederic Wallet, Stefano Corsi, Michael Steiner and Hans Westlund
