20th International Worshop in Spatial Econometrics and Statistics, Lille, 19-20 May 2022

The LEM (Department of Economics of Lille), the LPP (Department of mathematics of Lille), INRIA-MODAL, the ONCOLille Institute and the Université de Lille will host the 20th International Workshop on Spatial Econometrics and Statistics on May 19-20, 2022. The aim of this International Workshop is to promote and develop scientific exchanges between economists, econometricians, statisticians and mathematicians on spatial econometrics and statistics and their applications in various fields of research. This International Workshop strongly encourages exchanges between senior and junior researchers PhD students.

All submissions in the fields of spatial statistics and spatial econometrics are welcome (methodology, applications etc.). Theoretical and applied studies with methodological advances in spatial econometrics and statistics can be submitted. We especially encourage submission by junior researchers. For this 20th edition, we also encourage submissions on issues related to *oncology, econometrics of networks and peer-effects and public health*.
